Let's keep an eye out for the advanced funding agreements. These are high priority.

**Subject:** Draft letter to Water Districts participating in BDCP

Previously I sent each of you last year's BDCP Budget documents. As an update, BOR will be seeking Washington level approval sometime during the week of October 13<sup>th</sup> based on information they will discuss during the Regional Leadership Team meeting in DC. Their memo should outline BOR's decision to again provide a mechanism for funding the BDCP. Essentially, we the water contractors, will provide BOR with a one year Advanced O&M payment thereby freeing up Appropriation funding that the Bureau will apply the BDCP program. This funding should allow us to complete the draft BDCP - EIR/EIS. In addition Craig Muelburg (with BOR) will be sending me the revised draft contract documents with the revised dates and required funding amount for each of the participating Water Districts probably by during the week of October 20<sup>th</sup>. I will also continue to coordinate with Dan Nelson and if necessary Lynn Hurley ( on technical questions). Please feel free to call me if you have any questions or need any additional information.

Sincerely,  
Susan Ramos
